

Appl. No. 10/822,125

Reply to Office action of May 14, 2008

AMENDED CLAIMS

We claim:

1. (Currently amended) A system for enabling self-employed people to be registered as employees in a united company while keeping an autonomy of self-employed people, comprising at least one of:
 - a. ~~A~~a system for issuing for ~~each~~individual self-employed ~~employee~~ persons in the company invoices and/or receipts that belong to the united company in the eyes of the tax authorities but contain individual information ~~other than just different serial numbers of the invoice or receipt, so that even though the invoices and/or receipts belong to the united company in the eyes of the tax authorities, the self-employed employee can sign said~~of the employee like invoices and/or receipts ~~himself/herself as a self-employed person~~of independent people;
 - b. ~~A~~a system for issuing and running for each self-employed ~~employee~~ person an individual business bank account that is legally separate from other accounts of the company and of other self-employed ~~employees-persons~~ of the company, and the employee draws his salary from said individual account;
 - c. ~~A~~a system for keeping a cell structure in the united company so that each self-employed ~~employee-person~~ is protected from at least some actions and/or problems of the company and/or of other self-employed ~~employeespersons~~.
2. (Currently amended) The system of claim 1 wherein the united company runs a separate computerized tracking of the transactions related to each self-employed ~~employee-person~~, and said tracking comprises at least one of:
 - a. ~~T~~racking the incoming payments associated with the employee, and taking out a commission for the united company based on at least one of a fixed amount and a certain percent of the income;
 - b. ~~T~~taking into the account also the deductible expenses of the employee.
 - c. ~~P~~printing a periodical report for the employee that includes also his income and his deductible expenses;

- d. ~~T~~taking care of the VAT payments of the employee;
- e. ~~T~~taking care of the National security payments of the employee;
- f. ~~F~~filing the appropriate amounts or percentages out of the person's income for required social security arrangements;
- g. ~~F~~filing the appropriate amounts or percentages out of the person's income for optional social security arrangements which the employee chooses to have.

3. (Currently amended) The system of claim 1 wherein at least one of the following features exist:

- a. ~~T~~the self-employed ~~employee-person~~ can personally fill and sign invoices and/or receipts of the united company;
- b. ~~O~~only the company has a right to issue receipts and/or invoices and determine their serial numbers;
- c. ~~A~~all receipts and/or invoices carry the logo and/or identifying details of the company and need to fit with the correct serial numbers, so that different self-employed ~~employees-persons~~ can't get the same serial numbers;
- d. ~~T~~the invoices and/or receipts that the self-employed ~~employees persons~~ can use contain in addition to the name and logo of the united company at least one of: ~~T~~the employee's name, the employee's citizen Id number, a serial number issued by the united company to each employee, a special name for his business which the self-employed ~~employee-person~~ can choose, and a special logo that the self-employed ~~employee-person~~ can choose;
- e. ~~E~~each self-employed ~~employee-person~~ is required to scan copies of the receipts and/or invoices that he filled into the company's computer and/or key in the relevant details, and these data are electronically sent to the united company;
- f. ~~T~~the filled numbers in the receipts can be automatically recognized by OCR instead of or in addition to the manual keying-in of the values, so that the numbers can be compared to detect possible errors;
- g. ~~E~~each self-employed ~~employee-person~~ is required to scan and/or key-in at least the relevant amounts of money and electronically send the data for all the receipts of deductible expenses that he acquired each month;

- h. ~~T~~he invoices and/or receipts issued by the self employed ~~employee~~ person and/or the receipts for deductible expenses acquired by him are delivered by him physically to the united company at least one each month, and workers of the united company itself take care of at least one of: ~~K~~eeeping copies, issuing a copy of each income and each expense receipt to the self employed ~~employee~~ person, and entering the relevant data into the united company's computer;
- i. ~~E~~ach self-employed ~~employee~~ person is required to report all of his expenses and incomes in time before the company has to submit the monthly VAT report to the tax authorities and if he fails to do so, he has to pay the company a fine and/or pay back any expenses caused by this to the company;
- j. ~~I~~f the self-employed ~~employee~~ person fails to report his incomes and/or expenses on time too many times, he can be forced by the company to switch to the status of having is own company or becoming independent;
- k. ~~I~~f the company warns the self-employed ~~employee~~ person about improperly filling his invoices and/or receipts and he does not immediately correct it, he can be forced by the company to switch to the status of having is own company or becoming independent;
- l. ~~T~~he company computers and/or the bank computers check automatically that there is a reasonable correspondence between the receipts issued and sums deposited in the divisional account of the self employed ~~employee~~ person;
- m. ~~T~~he united company adds automatically to the invoices and receipts and/or other papers that it supplies to the self-employed ~~employee~~ person an explanation that said employee is independent and that the united company only gives him certain services and the united company is not responsible for his activities.

4. (Currently amended) The system of claim 1 wherein at least one of the following features exist:

- a. ~~E~~ach self-employed ~~employee~~ person can get paid any times he likes during the month;
- b. ~~E~~ach self-employed ~~employee~~ person's bank account is a sub-account of the united company's account, with 2 or more levels of hierarchy;

- c. ~~T~~he company and the employee have a signed contract with each other and with the bank so that each such employee can deposit and draw his own money from this account like a personal bank account;
- d. ~~T~~he account is regarded as an account of a division of the company that represents the cell associated with that person, and thus not a personal account, and so when the person pulls money out of that account this is regarded as drawing his salary;
- e. ~~T~~he contract ensures that no other employee has access to his account except for one or more managers of the company who are in charge of monitoring these accounts;
- f. ~~T~~he company can draw money out of the employee's account only under at least one of the following conditions: If he owes the company money for required tax advance-payments and/or for other debts and/or obligations;
- g. ~~T~~he company is obligated to the self-employed ~~employees-persons~~ that in case it become bankrupt it cannot touch their accounts;
- h. ~~T~~he accounts of the self-employed ~~employees-persons~~ are defined as an entrusted personal fund;
- i. ~~T~~he company's centralized accounting and monitoring automatically checks that the transactions in each account comply with the receipts that the person filled;
- j. ~~E~~ach self-employed ~~employee-person~~ has to sign a contract that allows the united company to instantly remove him or ~~at least force~~ him to work from his own company, if the company is not satisfied from his activities, because they are at least one of: considered inappropriate and/or illegal in terms of the tax authorities and/or the law and/or unfairness to clients;
- k. ~~E~~ach self-employed ~~employee-person~~ has to sign that he alone is responsible for any illegal activities that he does and/or has to indemnify the company for any suits brought against company because of him;
- l. ~~I~~n the contract with the united company the self-employed ~~employee person~~ has to sign an obligation that in any job that he performs for any 3rd party he must explain that he is independent and the united

company only gives him certain services and is not responsible for his activities;

- m. ~~T~~he self-employed ~~employee-person~~ can use the protection of the company for limiting his normal liability to the amount in the account of his division;
- n. ~~E~~ach self-employed ~~employee-person~~ is automatically limited by the united company's computer as to how much money he can draw out at any time as a salary, so that all the time at least the minimum amount that might be required for paying the company has to remain in the account;
- o. ~~W~~henever the self-employed ~~employee-person~~ tries to make a withdrawal of salary from his company related account, the company's computer tells him how much his salary for that month will be considered to be according to the amounts already withdrawn for that month and the amount that he currently intends to withdraw, and the computer can recommend to him each month the recommended amount or range of amounts that can be optimally withdrawn so as to optimize the taxes;
- p. ~~T~~he self employed employee has to extract the rest of his salary and/or a bonus by the end of the fiscal year, since otherwise he cannot normally carry on surpluses or losses to the next year since it is not his own company;
- q. ~~I~~f the self-employed ~~employee-person~~ has losses and/or wishes to carry over surpluses or losses to the next year, this can be settled automatically by the company's computers between the self-employed ~~employee-person~~ and the company and/or between the various self-employed ~~employees-persons~~ by method of compensation at the same time or later;
- r. ~~T~~he money is in a bank account run by a trustee and the trustee has to authorize each extraction of money by the self employed employee from the account;
- s. ~~T~~he self-employed ~~employee-person~~ can only pull money from his account by signatures of both himself and someone from the united company, and thus the company has much better control on that;

- t. ~~The~~ self-employed ~~employee-person~~ has to give the united company the right to extract automatically the needed amounts every month from this account, in a way similar to paying bills automatically;
 - u. ~~If~~ the self-employed ~~employee-person~~ draws a salary below the recommended monthly amount, then the united company's computer can at least one of: Warn him about this automatically and Automatically transfer the missing part of the salary to his individual (non-company) bank account.
- 5. (Currently amended) The system of claim 1 wherein the self employed employees can easily switch from the status of being part of the company to becoming really self employed or to being employed in their own private company or switch back, and at least one of the following features exist:
 - a. ~~Such~~ switches can be done without substantial changes in at least one of: The automatic accounting and/or tracking services, and other services that are offered by the company;
 - b. ~~The~~ company has the right to require self-employed ~~employees~~ persons to switch between these states according to various criteria, which can include at least one of: People that deal with inherently more risky financial endeavors and/or people who have violated various roles of the organization are required to move into their independent company;
 - c. ~~The~~ company's computer can automatically recommend to various self-employed ~~employees-persons~~ when it is more preferable for them to have their own company and when to be self-employed in the organization, depending on various criteria.
- 6. (Currently amended) The system of claim 1 wherein the united company can offer the self-employed ~~employees-persons~~ additional benefits based on the fact that a large number of self employed-employees are united together, and said benefits include at least one of:
 - a. ~~Helping~~ them find work and/or deals and/or projects, so that the company acts like a human resources company, except that these are actually self employed people and not normal employees;
 - b. ~~Leasing~~ cars at cheaper prices than a normal independent person or small company can get;

- c. ~~G~~getting office supplies at cheaper prices;
- d. ~~G~~getting various types of insurance at lower prices;
- e. ~~G~~getting special offers for shopping various items and/or vacation deals, and/or other deals;
- f. ~~O~~ffering investment managing for their accounts;
- g. ~~O~~ffering unemployment insurance or reduced income insurance from the company;
- h. ~~P~~part of the monthly income of each such employee is used for sickness insurance, vacations, etc.;
- i. ~~A~~a certain percent of the self-employed ~~employee~~person's income each month can be automatically diverted to some trust fund, so that if the person leaves the company he/she can get paid from this fund a discharge compensation;

7. (Currently amended) The system of claim 1 wherein at least one of the following features exists:

- a. ~~T~~the self-employed ~~employees~~persons have to sign a contract with the company that explains the situation of being actually self-employed and exempts the company from being required to pay them minimal wages and/or other social obligations;
- b. ~~E~~each self-employed ~~employee~~person gets at least a few options and/or stocks of the company, so that he can take part in its profits and can have more motivation to help it grow further;
- c. ~~E~~each self-employed ~~employee~~person that brings to the company additional people who become self-employed ~~employees~~persons there gets at least one of a bonus and more options or stock options.

8. (Currently amended) The system of claim 7 wherein at least one of the following features exists:

- a. ~~T~~the rewards for bringing additional people can work recursively, so that the person who brings a person that brings an additional person can get a reward also for the indirectly added person;
- b. ~~T~~the rewards for bringing additional people can work recursively, so that the person who brings a person that brings an additional person can get a reward also for the indirectly added person, and this additional recursive rewarding can continue up to a certain monetary

limit and/or up to a certain depth and/or breadth of the resulting sub-tree.

9. (Original) The system of claim 1 wherein when a self-employed ~~employee~~ person needs to employ his own employees, these employees become automatically normal employees of the united company, except that they are listed under the individual cell or department of the self-employed ~~employee~~ person and he/she is considered their boss, and the self-employed ~~employee~~ person and/or his/her employees have to sign an agreement with the united company that he/she is responsible for paying them minimal wages and the social benefits required by law.
10. (Currently amended) The system of claim 1 wherein the chance of complications for the company is reduced by at least one of:
 - a. ~~L~~imiting membership as employees of the united company only to at least one of: lecturers, consultants, and insurance agents, ~~and other vocations that are more fit for such an arrangement;~~
 - b. ~~F~~further enhancing the cellular structure by converting some of the divisions into registered sub-companies of the united company, according to general vocation and/or according to the number of self-employed ~~employees~~ persons in each division.
11. (Currently amended) A method for enabling self-employed people to be registered as employees in a united company while keeping an autonomy of self-employed people, based on at least one of the following steps:
 - a. ~~I~~issuing through computerized means for each self-employed ~~employee-person~~ invoices and/or receipts that belong to the united company in the eyes of the tax authorities but contain individual information of the employee like invoices and/or receipts of independent people~~contain individual information other than just different serial numbers of the invoice or receipt, so that even though the invoices and/or receipts belong to the united company in the eyes of the tax authorities, the self-employed employee can sign said invoices and/or receipts himself/herself as a self-employed person;~~
 - b. ~~I~~issuing and running through computerized means for each self-employed ~~employee-person~~ an individual business bank account that is legally separate from other accounts of the company and of other self-

employed ~~employees~~ persons of the company, and the employee draws his salary from said individual account;

- c. ~~K~~keeping through computerized means a cell structure in the united company so that each self-employed ~~employee~~ person is protected from at least some actions and/or problems of the company and/or of other self-employed ~~employees~~ persons.

12. (Currently amended) The method of claim 11 wherein the united company runs a separate computerized tracking of the transactions related to each self-employed ~~employee~~ person, and said tracking comprises at least one of:

- a. ~~T~~tracking the incoming payments associated with the employee, and taking out a commission for the united company based on at least one of a fixed amount and a certain percent of the income;
- b. ~~T~~taking into the account also the deductible expenses of the employee;
- c. ~~P~~printing a periodical report for the employee that includes also his income and his deductible expenses;
- d. ~~T~~taking care of the VAT payments of the employee;
- e. ~~T~~taking care of the National security payments of the employee;
- f. ~~F~~iling the appropriate amounts or percentages out of the person's income for required social security arrangements;
- g. ~~F~~iling the appropriate amounts or percentages out of the person's income for optional social security arrangements which the employee chooses to have.

13. (Currently amended) The method of claim 11 wherein at least one of the following features exist:

- a. ~~T~~the self-employed ~~employee~~ person can personally fill and sign invoices and/or receipts of the united company;
- b. ~~O~~nly the company has a right to issue receipts and/or invoices and determine their serial numbers;
- c. ~~A~~all receipts and/or invoices carry the logo and/or identifying details of the company and need to fit with the correct serial numbers, so that different self-employed ~~employees~~ persons can't get the same serial numbers;

- d. ~~The~~ invoices and/or receipts that the self-employed ~~employees~~ persons can use contain in addition to the name and logo of the united company at least one of: ~~The~~ employee's name, the employee's citizen Id number, a serial number issued by the united company to each employee, a special name for his business which the self-employed ~~employee-person~~ employee-person can choose, and a special logo that the self-employed ~~employee-person~~ employee-person can choose;
- e. ~~Each~~ self-employed ~~employee-person~~ employee-person is required to scan copies of the receipts and/or invoices that he filled into the company's computer and/or key in the relevant details, and these data are electronically sent to the united company;
- f. ~~The~~ filled numbers in the receipts can be automatically recognized by OCR instead of or in addition to the manual keying-in of the values, so that the numbers can be compared to detect possible errors;
- g. ~~Each~~ self-employed ~~employee-person~~ employee-person is required to scan and/or key-in at least the relevant amounts of money and electronically send the data for all the receipts of deductible expenses that he acquired each month;
- h. ~~The~~ invoices and/or receipts issued by the self employed employee and/or the receipts for deductible expenses acquired by him are delivered by him physically to the united company at least one each month, and workers of the united company itself take care of at least one of: Keeping copies, issuing a copy of each income and each expense receipt to the self employed employee, and entering the relevant data into the united company's computer;
- i. ~~Each~~ self-employed ~~employee-person~~ employee-person is required to report all of his expenses and incomes in time before the company has to submit the monthly VAT report to the tax authorities and if he fails to do so, he has to pay the company a fine and/or pay back any expenses caused by this to the company;
- j. ~~If~~ the self-employed ~~employee-person~~ employee-person fails to report his incomes and/or expenses on time too many times, he can be forced by the company to switch to the status of having is own company or becoming independent;
- k. ~~If~~ the company warns the self-employed ~~employee-person~~ employee-person about improperly filling his invoices and/or receipts and he does not

immediately correct it, he can be forced by the company to switch to the status of having his own company or becoming independent;

- l. ~~The~~ company computers and/or the bank computers check automatically that there is a reasonable correspondence between the receipts issued and sums deposited in the divisional account of the self-employed employee;
- m. ~~The~~ united company adds automatically to the invoices and receipts and/or other papers that it supplies to the self-employed ~~employee~~ person an explanation that said employee is independent and that the united company only gives him certain services and the united company is not responsible for his activities.

14. (Currently amended) The method of claim 11 wherein at least one of the following features exist:

- a. ~~Each~~ self-employed ~~employee~~ person can get paid any times he likes during the month;
- b. ~~Each~~ self-employed ~~employee~~ person's bank account is a sub-account of the united company's account, with 2 or more levels of hierarchy;
- c. ~~The~~ company and the employee have a signed contract with each other and with the bank so that each such employee can deposit and draw his own money from this account like a personal bank account;
- d. ~~The~~ account is regarded as an account of a division of the company that represents the cell associated with that person, and thus not a personal account, and so when the person pulls money out of that account this is regarded as drawing his salary;
- e. ~~The~~ contract ensures that no other employee has access to his account except for one or more managers of the company who are in charge of monitoring these accounts;
- f. ~~The~~ company can draw money out of the employee's account only under at least one of the following conditions: If he owes the company money for required tax advance-payments and/or for other debts and/or obligations;
- g. ~~The~~ company is obligated to the self-employed ~~employees~~ persons that in case it become bankrupt it cannot touch their accounts;
- h. ~~The~~ accounts of the self-employed ~~employees~~ persons are defined as an entrusted personal fund;

- i. ~~T~~he company's centralized accounting and monitoring automatically checks that the transactions in each account comply with the receipts that the person filled;
- j. ~~E~~ach self-employed ~~employee-person~~ has to sign a contract that allows the united company to instantly remove him or ~~at least~~ force him to work from his own company, if the company is not satisfied from his activities, because they are at least one of: considered inappropriate and/or illegal in terms of the tax authorities and/or the law and/or unfairness to clients;
- k. ~~E~~ach self-employed ~~employee-person~~ has to sign that he alone is responsible for any illegal activities that he does and/or has to indemnify the company for any suits brought against company because of him;
- l. ~~I~~n the contract with the united company the self-employed ~~employee-person~~ has to sign an obligation that in any job that he performs for any 3rd party he must explain that he is independent and the united company only gives him certain services and is not responsible for his activities;
- m. ~~T~~he self-employed ~~employee-person~~ can use the protection of the company for limiting his normal liability to the amount in the account of his division;
- n. ~~E~~ach self-employed ~~employee-person~~ is automatically limited by the united company's computer as to how much money he can draw out at any time as a salary, so that all the time at least the minimum amount that might be required for paying the company has to remain in the account;
- o. ~~W~~henver the self-employed ~~employee-person~~ tries to make a withdrawal of salary from his company related account, the company's computer tells him how much his salary for that month will be considered to be according to the amounts already withdrawn for that month and the amount that he currently intends to withdraw, and the computer can recommend to him each month the recommended amount or range of amounts that can be optimally withdrawn so as to optimize the taxes;
- p. ~~T~~he self employed employee has to extract the rest of his salary and/or a bonus by the end of the fiscal year, since otherwise he cannot

normally carry on surpluses or losses to the next year since it is not his own company;

- q. ~~If~~ the self-employed ~~employee-person~~ has losses and/or wishes to carry over surpluses or losses to the next year, this is can be settled automatically by the company's computers between the self-employed ~~employee-person~~ and the company and/or between the various self-employed ~~employees-person~~ by method of compensation at the same time or later;
- r. ~~The~~ money is in a bank account run by a trustee and the trustee has to authorize each extraction of money by the self employed employee from the account;
- s. ~~The~~ self-employed ~~employee-person~~ can only pull money from his account by signatures of both himself and someone from the united company, and thus the company has much better control on that;
- t. ~~The~~ self-employed ~~employee-person~~ has to give the united company the right to extract automatically the needed amounts every month from this account, in a way similar to paying bills automatically;
- u. ~~If~~ the self-employed ~~employee-person~~ draws a salary below the recommended monthly amount, then the united company's computer can at least one of: Warn him about this automatically and Automatically transfer the missing part of the salary to his individual (non-company) bank account.

15. (Currently amended) The method of claim 11 wherein the self employed employees can easily switch from the status of being part of the company to becoming really self employed or to being employed in their own private company or switch back, and at least one of the following features exist:

- a. ~~Such~~ switches can be done without substantial changes in at least one of: The automatic accounting and/or tracking services, and other services that are offered by the company;
- b. ~~The~~ company has the right to require self-employed ~~employees~~ persons to switch between these states according to various criteria, which can include at least one of: People that deal with inherently more risky financial endeavors and/or people who have violated various roles of the organization are required to move into their independent company;

- c. ~~T~~he company's computer can automatically recommend to various self-employed ~~employees~~ persons when it is more preferable for them to have their own company and when to be self-employed in the organization, depending on various criteria;

16. (Currently amended) The method of claim 11 wherein the united company can offer the self-employed ~~employees~~ persons additional benefits based on the fact that a large number of self employed-employees are united together, and said benefits include at least one of:

- a. ~~H~~helping them find work and/or deals and/or projects, so that the company acts like a human resources company, except that these are actually self employed people and not normal employees;
- b. ~~L~~leasing cars at cheaper prices than a normal independent person or small company can get;
- c. ~~G~~etting office supplies at cheaper prices;
- d. ~~G~~etting various types of insurance at lower prices;
- e. ~~G~~etting special offers for shopping various items and/or vacation deals, and/or other deals;
- f. ~~O~~ffering investment managing for their accounts;
- g. ~~O~~ffering unemployment insurance or reduced income insurance from the company;
- h. ~~P~~part of the monthly income of each such employee is used for sickness insurance, vacations, etc.;
- i. ~~A~~a certain percent of the self-employed ~~employee~~ person's income each month can be automatically diverted to some trust fund, so that if the person leaves the company he/she can get paid from this fund a discharge compensation.

17. (Currently amended) The method of claim 11 wherein at least one of the following features exists:

- a. ~~T~~he self-employed ~~employees~~ perons have to sign a contract with the company that explains the situation of being actually self-employed and exempts the company from being required to pay them minimal wages and/or other social obligations;
- b. ~~E~~ach self-employed ~~employee~~ person gets at least a few options and/or stocks of the company, so that he can take part in its profits and can have more motivation to help it grow further;

- c. ~~E~~ach self-employed ~~employee-person~~ that brings to the company additional people who become self-employed ~~employees-persons~~ there gets at least one of a bonus and more options or stock options.

18. (Currently amended) The method of claim 17 wherein at least one of the following features exists:

- a. ~~T~~he rewards for bringing additional people can work recursively, so that the person who brings a person that brings an additional person can get a reward also for the indirectly added person;
- b. ~~T~~he rewards for bringing additional people can work recursively, so that the person who brings a person that brings an additional person can get a reward also for the indirectly added person, and this additional recursive rewarding can continue up to a certain monetary limit and/or up to a certain depth and/or breadth of the resulting sub-tree.

19. (Original) The method of claim 11 wherein when a self-employed ~~employee person~~ needs to employ his own employees, these employees become automatically normal employees of the united company, except that they are listed under the individual cell or department of the self-employed ~~employee person~~ and he/she is considered their boss, and the self-employed ~~employee person~~ and/or his/her employees have to sign an agreement with the united company that he/she is responsible for paying them minimal wages, and the social benefits required by law.

20. (Currently amended) The method of claim 11 wherein the chance of complications for the company is reduced by at least one of:

- a. ~~L~~imiting membership as employees of the united company only to at least one of: lecturers, consultants, and insurance agents, ~~and other vocations that are more fit for such an arrangement;~~
- b. ~~F~~urther enhancing the cellular structure by converting some of the divisions into registered sub-companies of the united company, according to general vocation and/or according to the number of self-employed ~~employees-persons~~ in each division.

21. (Currently amended) ~~A~~a method in which an insurance company offers its insurance agents also accounting services, wherein the normal tracking for the security agents comprises at least one of the following steps:
- a. ~~T~~taking into the account also the deductible expenses of the employee;
 - b. ~~T~~taking care of the VAT payments of the employee;
 - c. ~~T~~taking care of the National security payments of the employee;
 - d. ~~P~~printing a periodical report for the employee that includes also his deductible expenses and not only his incomes;
 - e. ~~O~~offering the insurance agents to become self-employed ~~employees~~ persons of the insurance company.
